

SUN BEAMS

By WALTER M. BARRETT

After a week of unsettled weather, during which we experienced a taste of what future months hold, Mother Nature redeemed herself over the last week end and sent thermometers soaring to midsummer heights, causing rejoicing among the resort owners and other business men of the Lake Tahoe-Truckee region. The highways were almost solid with cars, some going below to attend the fair and visit in the valleys and on the coast and others, a majority in fact, coming to the resort centers in this locality.

Resort owners reported that there were no vacancies around the lake and many who had driven up to enjoy the ozone and beauty of the area were forced to sleep in their cars. September is the prettiest month of the year at the lake and in Truckee and more and more people are realizing this fact.

Truckee is fortunate in having one of its leading citizens as chairman of the Nevada County Democratic central committee. Tim O'Hanrahan, a staunch supporter of the Roosevelt administration, was honored at Nevada City this week by being selected to head the important group. It is a position worthy of sincere congratulations.

During these warm, sunshiny days one is likely to forget the winter sports. Snow and ice are hard to imagine, but it will not be long until Truckee will depend upon snow and ice to keep its reputation as the state's foremost winter resort center. Let's all get together at the next meeting of the Winter Sports committee and throw a little support behind the program. It will pay big dividends.

Frank Kinne, commander of the local post of the American Legion, is calling a special meeting of that organization during the next few days to sketch a plan for future activities and for the purpose of arranging for the installation of new officers. Every Legionnaire and ex-service man should be on hand. The American Legion has accomplished great things locally and nationally and is more than worthy of all the support which it gets. The Truckee post is known throughout the state as one of the best, and it behooves every service man in the district to keep that record standing, and the only way it can be maintained is to attend meetings and support legion programs. The legion helped you, now it is only fair that you aid the legion.

Speeding on the highways is not only dangerous—it's also costly. For further particulars ask the editor.

We don't believe the boys of the state highway patrol are given the credit which they deserve. What with the high-powered speedy machines, careless and often drinking drivers, thugs and what nots on the highways these days, the life of a patrolman is no snap. He takes chances every day to keep the roads as safe as possible for the motoring public. Always, or that is nearly always, they are courteous and often they are in a position where the average person could not exercise courtesy to even the mildest degree.

BOY COMPOSES MUSIC ON VIOLIN MADE OF WOOD OF APPLE BOX

Making tunes come from an apple box may seem to be an impossibility but Robert Gordon, 16-year-old senior of the Meadow Lake Union high school overcame the difficulty by making the box into a regular size violin during the summer vacation period. The instrument is stained and only upon close inspection is the fact discernible that it is "home-made."

Last year young Gordon made a cello from wood that he purchased and did it as part of the manual training work at school.

Another hobby Robert has is the composing and arranging of music which he has done since 12 years of age, several pieces being used in the high school orchestra of which he is a member.

Gordon, son of Mr. and Mrs. S. E. Gordon of Truckee, was born in Portland, Oregon, coming to this town at the age of 8 years. He has taken lessons in music since that time at intervals and in spite of the pronounced talent said he had not thought seriously of making that his vocation.

TRAGEDY STALKS RENOAN DURING OUTING AT LAKE

Charles Mason, 29, Expires After Accident Along Lake Tahoe

COMPANION RISKS LIFE
Pleasure Trip Ended When Couple Slips off Rock at Incline

Tragedy stalked Charles Mason, 29, of Reno, on a pleasant holiday at Incline, Lake Tahoe, Monday when his attempt to save his companion, Miss Muriel Holland, from falling into the water cost him his life.

The couple was sitting on a rock and Miss Holland slipped. Mason suddenly reached to hold her and both plunged into the icy waters. Miss Holland said she went down two or three times and could not remember how she gained the shore and obtained the help of several forest service men.

The body of Mason was in deep water and they were forced to drag it to the surface. A pulmotor was used in a futile attempt to revive the victim and as the lungs showed no water it is believed that he died from a heart attack because of the cold. Miss Holland grabbed for Mason but the weight pulled her under once. She is suffering severe shock. Mason's funeral arrangements are to be made at Reno where he lived with his mother, Mrs. Mary Carroll. He came from San Francisco several years ago.

LIONS, BEARS ESCAPE BARNEY CIRCUS ON GRASS VALLEY ROAD

Three officers and more than 200 motorists turned big game hunters Tuesday on the Colfax-Grass Valley highway when two African lions and a bear escaped when their cages were dashed open on the rocks as a Barney Brothers circus truck was wrecked.

Barney Bros. showed in Truckee Monday and were proceeding to Grass Valley when the accident occurred.

Two lions escaped, but one was drowned when it was injured after a plunge into a P. G. & E. canal. The bear was captured with little difficulty, but it was necessary to set a trap for the lion, which was recaptured after four hours hunting.

Captain J. E. Blake of the state highway patrol was in charge of the animal hunt. The driver of the truck and his assistant escaped injury when the truck was wrecked.

GYPSY CARAVAN HITS TROUBLE AT STATE QUARANTINE STATION

A caravan of Gypsies ran into difficulties at the state quarantine station Wednesday night and as a result some of the group were returned to Reno to face felony charges and others were being questioned in the justice court here Thursday afternoon.

It all came about when Officer Tommy O'Connor was notified by a passing tourist that a large caravan of Gypsies was en route to the state line. O'Connor notified state patrolmen and Truckee officers and Patrolman Gene Walker, Deputy Sheriff Tom Doley and Constable William Bottcher responded.

When the nomads entered the quarantine station they were met by the corps of officers and given a close grilling on their activities.

One of the group, who said her name was Adams, was accused of stealing rugs in Reno, while another was placed under arrest and charged with the theft of \$8,000 in a Montana city.

Justice of the Peace C. E. Smith was listening to the Gypsies' stories Thursday afternoon.

TIM O'HANRAHAN

O'HANRAHAN WILL CAPTAIN NEVADA COUNTY'S GROUP

Truckee Man Praises Work of Roosevelt During Meeting

Tim O'Hanrahan of Truckee Tuesday night was elected chairman of the Nevada County Democratic Central committee at a meeting held in the court house at Nevada City. O'Hanrahan defeated Frank Finnigan Nevada City attorney, his only opponent for the important post.

Clare Hughes, Grass Valley, was selected as vice chairman and A. R. Curneen, Grass Valley, was elected secretary-treasurer. The meeting was opened by Lee Leiter, Nevada City, outgoing chairman of the committee, who resigned his position after serving for 20 years. Leiter will continue to be active in the organization, but declined to head the group longer.

O'Hanrahan spoke briefly on the future program of the committee, which unanimously endorsed the candidacy of President Roosevelt and the administration's program for recovery. Those attending were reminded of the rapid advancement being made in nearly all lines of business under the New Deal program and of the deplorable condition which the country suffered prior to Roosevelt's inauguration.

O'Hanrahan will attend a meeting of county chairman at Sacramento on September 17 and will call the next meeting of the Nevada county group to discuss the Sacramento business.

Snow Sports Meet to Be Called Soon for Decision on Program

A special meeting of all business men of Truckee, heads and members of the various organizations and others interested in the development of winter sports in Truckee for the coming months will be called by Charles White, president of the Truckee Chamber of Commerce for next week.

The date for the meeting has not been definitely decided upon, but notice will be sent to as many as possible who are expected to urge others to accompany them to the meeting.

It will be definitely decided at the meeting whether or not local business men and residents are sufficiently interested to continue the annual programs, White declared.

FORMER ASSISTANT ATTORNEY MARRIED

Robert W. Tharp, former assistant district attorney of Nevada county and well known in Truckee, was married last Saturday in Reno to Miss Ursula Shields, a nurse in a Woodland hospital. Tharp since leaving this county has been associated with Neal Chalmers, prominent Woodland attorney and former judge of Yolo county. The newlyweds stopped briefly in Truckee en route to their Woodland home.

HOBART ESTATE TO SELL LANDS ON LAKE TAHOE

21,000 Acres on Nevada Side Will be Sold for \$650,000

7 MILE LAKE FRONTAGE

Sale will not include Sand Harbor, Says Report from Reno

Announcement was made in Reno Saturday by the Hobart Estate company that approximately 21,000 acres of Lake Tahoe land will be sold.

The land to be sold includes about seven miles of lake front along the east side. The company is asking a price in the neighborhood of \$650,000, it is understood.

It is proposed to dispose of the entire acreage in one piece to one purchaser or to a group for subdivision purposes.

All of the land is in Washoe county, Nevada, and extends from Crystal bay to Sand Harbor along the shore of Lake Tahoe. Sand Harbor, however, is not included in the land to be sold.

BRIDGE FEATURED AT WYETHIA CLUB MEET; WINNERS ANNOUNCED

Seven tables of auction and two tables of contract bridge were occupied September 3 when members of the Wyethia club and their guests met at the club house for the initial meeting of the fall and winter months.

Mrs. F. A. Wilson of Hobart Mills was awarded high score for the auction tables while Mrs. Andy Sorensen of Brockway was given the consolation prize.

Mrs. George Bliss of Tahoe City was given first award for the contract playing and Mrs. Martin Nelson of Hobart Mills received the low score.

Refreshments were served at the conclusion of the afternoon.

CHAMBER WILL MEET AT ST. LOUIS CAFE

The next meeting of the Truckee Chamber of Commerce will be held at the St. Louis Cafe, according to President Charles White. This week's meeting was delayed because of the holiday. A full attendance is urged for the next session.

Lions Meeting Delayed Until Next Wednesday

This week's meeting of the Truckee Lions club was omitted because of Admission day, but a bigger and better session is planned for next Wednesday when Clarence Bowers will be program chairman.

Bed Spread is Awarded To Barber by Society

Nick Swago, proprietor of a local barber shop, was the elated recipient of a hand-made bed spread given by members of the Truckee Altar Society of the Catholic church on Tuesday. Father Ryan advanced the date for the presentation of the gift because of his departure on Sunday.

Relative of Donner Survivor Traces Trail

Ben Donner Babcock of St. John, Washington, was able to follow the ghostly footsteps of his grandmother, Georgia Donner, who was a child of five when rescuers carried her over the mountains from the tragic Donner party nearly a century ago.

Dr. W. M. Stookey of Salt Lake City, considered an authority on Utah history, accompanied Babcock on his pilgrimage up Emigration canyon east of Salt Lake City.

Mrs. Edith Fay, Mrs. Laurence Zoebel and Mrs. Irma Prichard spent today in Reno on business matters.

Truckee Couple Celebrate 54th Wedding Date

Mr. and Mrs. Frank S. Powell, for the past 35 years residents of Truckee, last week observed their 54th wedding anniversary. The occasion passed quietly with the well known couple receiving the felicitations of their many friends in this district.

A granddaughter, Mrs. Jess Maxson of Carson City, accompanied by Mrs. Ollie Kelly, visited the couple on the eve of their anniversary and surprised them with a large anniversary cake.

The Powells were married in Evart, Michigan, August 30, 1882. They came to Truckee in 1901 and have made this their home continuously since that time.

Both are active in local affairs. Mr. Powell is near his 80th birthday and his wife is only a few years younger, but they are still enjoying excellent health.

Results of Organization Are Shown in Development of Children

The Truckee Parent-Teachers association, as yet in its infancy, promises to become a robust youngster if the enthusiasm of its leaders is any gauge.

The nation-wide organization is not only for the parents and teachers of the children but for any citizen who is interested in his community.

The aims of the group are of the highest. First: The promotion of child welfare in the home, school, church and community; the raising of standards in the home life, the securing of adequate laws for the care and protection of children.

Second: The cooperation of the parents and teachers in the training of youth and between the educators and the general public to secure the highest advantages in mental, moral, physical and spiritual training for the men and women of the future.

Mrs. V. Gilman, chairman of publicity, has stressed the thought that teachers are especially valuable in the training of the young people at the present time and that in order to realize the benefits of the group work the young fathers and mothers must be reached as well as those who are not able to speak fluently in the English language.

The more united the effort of the citizens of this community the greater the influence will be and the more definite the results.

ALBEE'S HORSE WINS LABOR DAY CLASSIC

LaVolta, a three-year-old runner owned by E. R. Albee of Fallon, owner of the Truckee Meat Market here, walked off with the \$400 purse in the 11th race at the California State Fair in Sacramento Labor day.

The horse, a 15-to-1 risk in the Sacramento race, won a race in Stockton two weeks ago as a 40-to-1 entry.

WORKMAN KILLED IN MISHAP WHERE CAR WAS BURIED

Ben McClaskey, 60, Fatally Hurt in 35-Foot Fall Near Norden

BODY BADLY CRUSHED

Daughter Arrives to Arrange for Funeral Service for Father

Benjamin F. McClaskey, 60-year-old laborer, employed by the Southern Pacific company in building a retaining wall along the tracks where last winter a Pullman car was buried beneath a snowslide causing injuries to a number of passengers, was fatally injured Saturday when he fell 35 feet into an elevator pit.

McClaskey was rushed to Truckee for first aid treatment and then speeded to Reno where he died a few hours later in St. Mary's hospital. Doctors declared that nearly every bone in his body was broken. The deceased had been employed for some time in the Norden district.

Saturday McClaskey, working with a crew on the new retaining wall, slipped into the concrete elevator. The lift snapped, according to available reports, and he was hurled for a distance of 35 feet.

A daughter arrived in Truckee Sunday from San Francisco to make arrangements for the funeral services.

TWO INITIATED INTO REBEKAH LODGE WHEN CEREMONY HELD HERE

Mrs. Lucy Otis of Hobart Mills and Mrs. Ellen Schwab of Floriston were initiated into the Rebekah Lodge No. 2 of Truckee at the local Odd Fellows hall Wednesday evening.

The ceremonies were conducted by Mrs. Marie Nelson of Hobart Mills, noble grand.

A number of out-of-town members were present for the event and reception which followed.

Father Ryan Leaving Local Church; Former Pastor Returns Soon

Father J. W. Ryan, O. P., will leave the local Catholic church after having conducted the services here and at Lake Tahoe the past three months during the absence of Father William Daly who is expected back to Truckee following a trip to Ireland this summer.

Father Ryan wishes to express his thanks to the workers and friends of the church for their friendly cooperation during his stay here. He plans to spend a vacation with his mother, Mrs. M. Ryan and brother, Dr. A. J. Ryan at Vallejo.

New Teachers Will be Feted at Reception

Miss Anna Marie Munro and Miss Evelyn D. Reynolds, new teachers of the Meadow Lake Union high school will be guests of honor at a reception to be given by members of the Parent-Teachers association at the next regular meeting of the group which will be held in the high school building on September 18.

A musical program under the direction of Mrs. Lotta Bryant will be one of the enjoyable features of the evening.

Return to Truckee

Mrs. G. B. Blood of Oakland and Mr. and Mrs. Hugh Davis and family of Irvington were the guests of Mr. and Mrs. Frank Powell from Saturday until Tuesday. Mrs. Blood and Mrs. Davis are the sister and niece of Mr. Powell and lived here a number of years ago. It was Davis' first trip to this region and he was very enthusiastic about the natural resources.

TIME TO GO TO WORK

ANOTHER WEEK has slipped by and nothing has been accomplished toward promotion of winter sports here. True, it has been the subject of discussion on the streets and in the stores, but no definite move has been made to provide a tangible program. A meeting was held last week to outline concrete plans. Six people were in attendance where there could have been and should have been ten times that number.

Winter sports, in our belief, is the life of this community during the snowy season. We are naturally not as familiar with its necessity as some of you who have been here winter after winter and have enjoyed the business created by the activities on the grounds across the river, but we are foresighted enough to see what it means if winter is allowed to descend without at least a semblance of a program.

Promoting and conducting anything as big as the Truckee Winter sports program is not a task for one or half a dozen men. It is a job which will require the efforts of everyone to put over the way it should be done. It is our wish for Truckee that individually and collectively the businessmen and other residents will take this task seriously and instead of continuing to discuss in groups of two, three or four, what should and should not be done, get together and work out the proper solution.

Words without action are meaningless and progress is made only by those who do things.

BIGGER AND BETTER FAIR

WE'RE JUST BACK from the State Fair at Sacramento and what a show it turned out to be. With larger crowds, better exhibits, faster races and improved conditions each year, there seems no limit for the Golden State's annual pagant. You can readily understand why the keynote of the State Fair this year is "California agriculture on the road back to better days."

We felt only one disappointment. In all the exhibits and colorful displays, the east end of Nevada county was sadly neglected. The county was not without its booth, but only minerals, and very choice minerals, too; together with a small fruit display, marked the space for this county. There was not to be found an exhibit calling attention to the thousands who viewed the show that in the east end of Nevada county lies the best the world has to offer in summer and winter recreational facilities.

WHERE WILL IT END?

MORE Californians met sudden death on the streets and highways during the first six months of this year than in any similar period in the history of California.

One thousand, three hundred and thirty Californians who joyously welcomed the dawn of 1936 on last New Year's Day, now lie cold and silent beneath as many gravestones.

Each year more die than the year before. The trend is toward annihilation of the human race. What are we going to do about it?

Every motorist knows the deadliness of excessive speed. Every motorist knows he is taking his life in his hands when he passes on a curve, or weaves in and out in highway traffic, or drinks and then drives. He knows, but what is he doing about it?

Every motorist knows his car is unsafe with old tires on it, with brakes that won't work properly, or with lights too dim to guide him or so bright they blind the other fellow. But what is he doing about it?

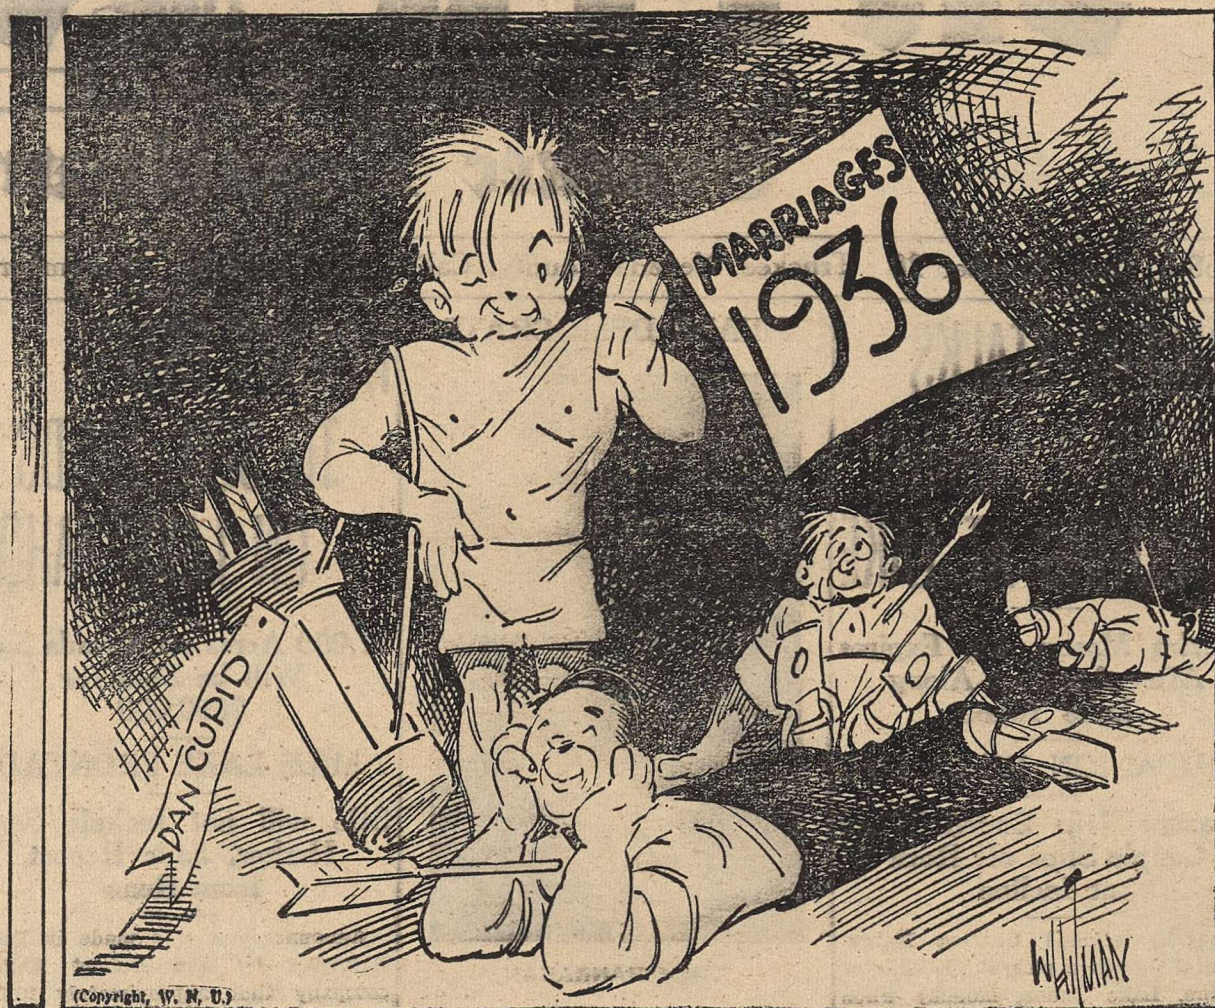

If things go on as they are, if each year a new record in deaths is set, if people go on giving lip service to safety but failing to act, there is only one question left.

Where will it end?

THE GODS OF WAR GLOAT

Germany caused another war shudder to run through Europe last week when it gave an order that will have the effect of doubling the armed might of the Nazis. France was seriously frightened, Russia looked to her defenses, and Britain put new vigor into her huge armament program. Total armed forces in Europe's leading military nations approaches six millions of men, far more than before the outbreak of the first World War. Under arms now in Germany are 1,365,000 men; in Italy, 1,250,000 men; Russia, 1,200,000; France, 654,000 men; Poland 266,000; Britain, 213,000; Rumania, 141,500 (about the size of the U. S. army); Czechoslovakia, 109,000; Yugoslavia, 107,000; and Belgium, 63,500. The gods of war must be gloating over these grim statistics.

The Record Breaker

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Sept. 10—(UP)—Looking toward a sharp reduction in relief administration costs and the weeding out of "chislers," State Controller Ray L. Riley has assumed full charge of all relief payments under the state program, taking over this work from SRA paymasters.

The first radical departure under the new system was the substitution of "spot" payment of relief warrants rather than having them mailed to persons on relief rolls, particularly in the centers of population.

Riley is working on the theory that a more accurate check will be available if the relief workers are required to call in person for their payments.

The new plan was put into effect over the loud objections of many of the social workers, but Riley was reported insistent that a method be used by means of which an adequate audit could be made.

While warrants will be mailed in most of the rural areas, traveling paymasters will cover the state at sufficiently frequent intervals to determine exactly to whom relief funds are going—and why. This information has not always been available in the past according to some officials.

Capitol reports say that Justus F. Cramer, deputy director of public works, and former private secretary to Gov. Frank F. Merriam is slated for the chairmanship of the Republican state central committee when it meets here September 17.

The orange publisher was said to have been overwhelmingly favored in a poll of committee members. At the same time it was claimed that Edward Shattuck, Los Angeles, was very much in the running for the post.

On the Bourbon side of the fence, many observers were predicting victory for former Assemblyman Clifford Anglim, Richmond, as chairman of the Democratic state central committee when it meets here September 26.

Anglim is reported to have the backing of the William Gibbs McAdoo and George Creel forces, but is being opposed by groups allied with State Senator Cubert L. Olson, the retiring state chairman.

This being presidential election year, it was obvious that both parties were making every effort to cut down internal strife as much as

possible and attempt to present a comparatively united front in each case.

Governor Merriam's cabinet was taken to task in no uncertain terms by Arthur Brown, personnel board member, who said most of the departmental heads used the board as an "alibi agency," blaming it for most everything that went wrong. There were no denials.

At the same meeting, the governor made it clear that salary increases for state workers would be few and far between as long as the budget remained in its present unbalanced condition.

The governor, at the same time, defended the civil service against the "spoils system."

"I hope I live long enough to see that career service in California is fully protected and encouraged; that young men and women will enter the service knowing they can reach the top by means of promotional examinations," Merriam said.

Prize for the most cryptic remark relative to the state's civil service system went to E. H. Christian, chairman of the personnel board, when he said:

"I have my opinion what the people will do when they know what it's all about."

LYNCHING AND THE LAW

Lynch law, many persons fear, may ultimately write "finis" to the grim drama of killing and man hunt in the Siskiyou mountain country. Yreka is understandably outraged at the slaying of two officers and a civilian by the Brite brothers. And the spirit of vengeance has flamed into mob violence there on previous occasions.

Certainly every possible precaution should be taken to forestall any such eventuality. Lynching is definitely outside the pale of civilized existence.

But in fairness to the citizens of Siskiyou county, let us not lose sight of the fact that most of them are as ardently opposed to lynch law as anyone in California. And let's not forget the way their patience has been strained in recent years.

Financial Report Shows Nevada in Good Condition

The annual financial report of the state of Nevada, made public last week by Controller Henry F. Schmidt shows the state ended the fiscal year on June 30, with \$2,178,484.75 in cash on hand and a bonded indebtedness of \$1,063,000.

The state redeemed \$130,000 of the bonds on July 1, reducing the indebtedness to \$933,000 and reduced the amount of cash on hand the same amount.

TAHOE REGION NEWS

Resort Owners Pleased As Weather Clears for Busy Holiday Week End

TAHOE, Sept. 10—Resort owners were grateful for fair skies and balmy weather over Admission day which lured hundreds of vacationists to the Tahoe region for the holidays. Resorts and camps were filled to overflowing, many persons being forced to sleep in their cars. The business boom was felt generally. Motor boats are being given a lingering spin on Tahoe's glassy bosom prior to the evacuation of summer residences. The season, a most successful and lively one for all, is drawing all too swiftly to a close, with snappy mornings and evenings presaging the advent of autumn just around the corner.

FIRST SNOW OF SEASON FALLS IN TAHOE AREA; IS EARLIEST FOR YEARS

TAHOE, Sept. 10—Wind, thunder and rain storms of last week succeeded on Wednesday night in ushering in the first snow fall of the season, much to the resort owners' dismay. During the wee small hours of Wednesday night, a thunder, rain and hail storm of particularly violent proportions made sleep of local residents difficult for several hours. Only a light powder snow which melted almost at once, was noted in the lower lake region, although the summits of the surrounding mountains on both sides of the lake were white on Thursday morning. This is the earliest snow that has fallen at Tahoe in many years, according to the best recollections of old timers here. A fortunate aftermath of the storm was the fact that no heavy frost set in to kill the beautiful private flower gardens which still flourish in local estates.

Observe Birthday

Two Tahoe ladies observed birthdays last week. Mrs. Hazel Harkness on September 5 and Mrs. Lloyd Yeakel on September 6. Special dinners and gifts marked the occasion.

FRED GORE SUCCUMBS AT RENO HOSPITAL

RENO, Sept. 10—Fred B. Gore, 50, a resident of Reno for 10 years and former summer resident of Tahoe, passed away on Tuesday in a Reno hospital of pneumonia, following an illness of only one day. He is survived by Mrs. Cora Belle Gore, his wife, who is the mother of C. W. "Chick" Welch, well known Tahoeite. He was a member of Truckee Aerie of Eagles and had many friends in this region. Funeral services were held on Wednesday at 3:30 p. m. from Ross-Burke Funeral parlors in Reno. Rev. Brewster Adams officiated before a host of friends.

VACATIONISTS WRECK ASSOCIATED PUMP AT LAKE; REVOKE LICENSE

TAHOE, Sept. 10—The recent rain storm at Tahoe kept Officer Gene Walker on the hop. Dominador Domingo Camarillo, Los Angeles Filipino vacationing at Tahoe with his wife, came to grief across the street from Bill Johnston's grocery store at Homewood when his car skidded 99 feet on the slippery highway, striking the gas pumps at the Associated station. The accident occurred about noon Thursday. Brought before Judge George Bliss by Officer Walker he was given the alternative of paying a \$50 fine or having his license revoked for 30 days. He did not have the \$50 and could not succeed in persuading Judge Bliss to reduce his fine to \$25, so he was given a permit to drive home and forfeited his license for a 30-day period.

RECKLESS DRIVING IS CHARGED TO TAHOEAN

TAHOE, Sept. 10—Walter Doerre of Tahoe Pines, driving Bob Devore's car, smashed into a car driven by Mrs. C. W. Johnson of Tayward, tearing off the running board of her car. He was driving 12 feet over

Lost Huskie Found After Being Absent Over Week; Welcomed Back by Owner

TAHOE PARK, Sept. 10—Rono, Alaska huskie recently added to Constable Harry Johanson's string at Tahoe was listed as missing last week, his worried master searching high and low for his newly acquired pet.

Unable to find even a trace of the missing dog, he noted one morning the curious behavior of Kanan, his blue-eyed lead dog, who paraded constantly before the door of his kennel. Harry stopped to investigate a small piece of broken chain protruding from the kennel door.

There, at the end of that chain, crouched in abject terror, sat Rono, his fur nearly torn from his head, his fur coat caked with dried blood. Dragging him out, Johanson tended his wounds and fed the famished animal who was no longer in doubt as to who was the leader of the Alaska pack.

HIT-RUNNER SOUGHT AFTER BOY IS INJURED

LAKE FOREST, Sept. 10—James Frazier, 13-year-old son of Mr. and Mrs. R. H. Frazier of Lake Forest was painfully injured when struck down by a machine on the highway near the Lloyd Yeakel residence on Saturday. He received a badly bruised shoulder and side which were treated by Dr. C. B. Pedersen of the Tavern. He has been confined to his bed since then. Traffic Officer Gene Walker is searching for the driver of the car, his identity being known.

on the wrong side of the road and had never secured a driver's license during the two years he had been operating a car in California, according to Patrolman Gene Walker. Arrested by Officer Walker he was taken before Judge Bliss where date for his hearing was set for today.

Twenty-two per cent of Oregon's area is national forest land.

LARGE FAMILY FAILS TO MOVE JUDGE WHEN DRIVER GIVEN TRIAL

TAHOE, Sept. 10—Arley Coker, arrested recently for reckless driving near Tahoe Vista, came up for trial last week before Judge George Bliss at Tahoe City.

A deal of amusement was created at the hearing when he appeared with a "ready-made" family consisting of a wife and five children which he did not possess at the time of his arrest. The sextette proceeded to weep effectively in his behalf during the proceedings, but Judge Bliss remained heartlessly unmoved by the demonstration and revoked his driver's license for 30 days.

A number of other minor accidents kept the traffic officer busy—a truck near Brockway going over a bank and four Japanese near Homewood landing in a ditch. No one was injured, however.

Hodges Named Secretary of Bankers' Association

SAN FRANCISCO, Sept. 10—Lauder W. Hodges, San Francisco attorney, has been named secretary of the California Bankers association by the administrative committee of that organization, it was announced today.

Hodges brings to his new office a background of law in New York and California and is a graduate of both Stanford and Columbia universities. In recent years he has been associated with the Federal Reserve bank of San Francisco as attorney in connection with loans of working capital to established industries.

Hodges is a member of the San Francisco Junior Chamber of Commerce and was for two years on the board of directors, also serving as chairman of the municipal affairs committee and state affairs committee.

"The Universal Car"

ONE NAME comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service.

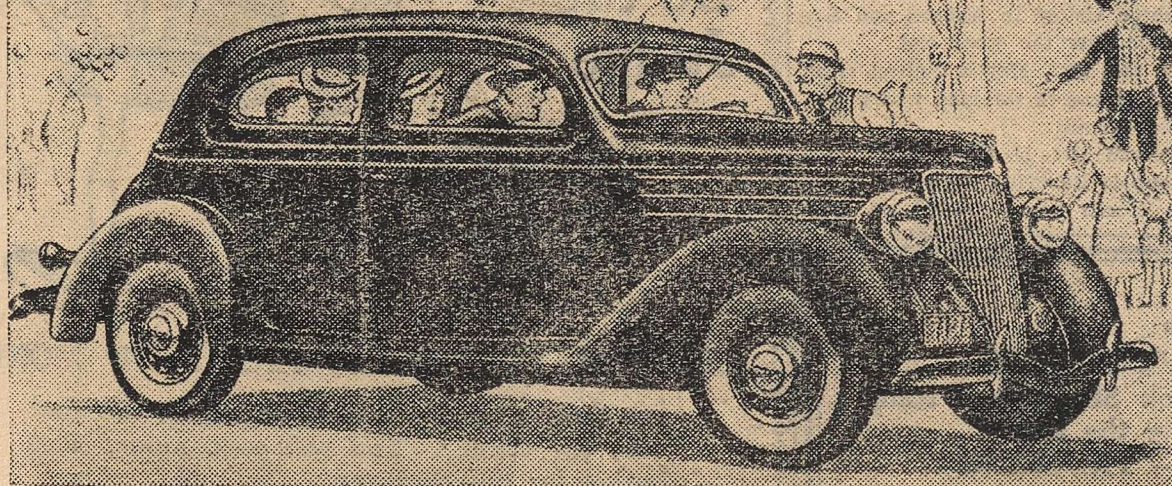

That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists.

Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile.

The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. It depreciates slowly because it is made to last. There is no other car like it.

Only the Ford V-8 Gives You These Fine-car Features

1. V-8 ENGINE PERFORMANCE WITH ECONOMY
2. SAFETY GLASS ALL AROUND AT NO EXTRA CHARGE
3. SUPER-SAFETY MECHANICAL BRAKES
4. CENTER-POISE RIDING COMFORT
5. WELDED STEEL BODY... STEEL STRUCTURE AS WELL AS STEEL SURFACE

SCHOOL ACTIVITIES

Robert Leamon, senior, was elected by a majority to the presidency of the student body of the Meadow Lake Union high school last Friday, while Aljah Caples was given the office of vice president. August Sassarini is the new treasurer and Pat Duncan occupies the office of secretary.

There was also an election of class officers, with Aljah Caples as president of the senior class, August Sassarini, vice president; Ruth Seibold, secretary and Pat Duncan, reporter. The junior class officers are Robert Bowers, president; Betty Shone, vice president; Ida Stewart, secretary and Douglas Barrett, reporter.

Tina Gini heads the sophomore class, Adolph Schmidt, vice president Theresa Gordon, secretary and George Barnes, reporter.

The freshman president is Lillo Guidi, Bill Otis, vice president; Dorothy Barrett, secretary and Jack Duncan, reporter.

Mr. Wright I. Bovee, Robert Bowers, John and Raymond Sabini, Dorothy and Douglas Barrett were among the visitors at the state fair in Sacramento.

Miss Marion Lothrop was elected as advisor of the student body and Miss Anna Marie Munro holds the same position for the junior class.

The ten freshmen are running the figurative gauntlet until the formal initiation and are having to wear their clothes in considerable disarray. Protesting only brings down further indignities about their ears and under the watchful eyes of the juniors they are put through their paces when any slight infringement is made upon the rules set down by those who have themselves gone through similar experiences upon their entrance into the high school portals.

State Fair Attracting Record Crowds this Year

California's annual state fair which opened last Saturday and which will be brought to a conclusion on next Monday, is adding a new chapter to its 82-year-old history.

Fair officials are receiving the largest crowds in the history of the great show and estimate that attendance will exceed 500,000.

All attractions and displays have been arranged to depict a pageant of progress, which started with the gold rush days of 1854.

The fair is annually the show window of California.

Good Lighting

IS GOOD POLICY!

IT IS good policy to check up on your lighting at least once a month. Replace lamp bulbs that have grown dim. Fill up the empty sockets and replace the small sized bulbs in floor and table lamps before headaches and eyestrain develop.

It is good policy, too, to see that the light on your porch or basement stairs is really good light. Most dangerous falls on stairs are caused by a misstep due to shadows and poor light. In the kitchen many cuts and burns might be avoided if just a little better light was by the kitchen sink or stove.

Good floor and table lamps today are inexpensively priced. Prices of lamp bulbs in sight-saving sizes are lower than ever and the reduced electric rates make better lighting a truly low cost monthly item. Check over the lighting in your home today.
